OF EYES

Where do you want to start?

## My eyesight needs help

As a State of Texas Vision participant, you have access to a wide network of eye care professionals and helpful resources.

VALUE

## My eyes are just fine

Think you don't need vision care? Think again. Some health problems may show signs through your eyes — signs you don't want to miss.

WELLNESS

# No matter why you're here, we think you'll like it

## VALUE

### See who you want, when you want

You have access to thousands of in-network providers— independent eye doctors, retail stores, including online options. There's a perfect one for every person; find yours with the Enhanced Provider Search on <https://member.eyemedvisioncare.com/stateoftexasvision>.

### Shop with freedom

Your benefit can be applied toward any frame or lenses available.

### Enjoy savings that add up

As a State of Texas Vision member, you may be eligible for additional special offers and discounts at EyeMed network providers.

### Get help from the vision experts

Our support tools make benefits easy to understand and easy to use. Create an account on our Member Web to view available benefits and coverage, use our cost estimator and search for in-network providers. Stay mobile with the EyeMed App. And enjoy our award-winning wellness website ([eyesiteonwellness.com](http://eyesiteonwellness.com)).

## WELLNESS

### Spot health problems sooner

An eye exam can spot early signs of diabetes, high blood pressure, high cholesterol and heart disease.<sup>2</sup>

### Don't live with eye strain

Every day, we spend hours staring at phones, laptops and tablets. In fact, the average American spends over 7 hours looking at a screen each day.<sup>3</sup> This exposure can put strain on our eyes and may be linked to blurred vision, dry eye and headaches.

### Avoid vision creep

Your eyes are always changing. Our in-network doctors can track even the slightest changes with the latest in digital exam technology.

### Soak up the sun – safely

UV rays can cause cataracts, macular degeneration, vision loss and eye sunburn. Even in winter. Sunglasses can easily block 99% of these rays.<sup>4</sup> EyeMed benefits include discounts on non-prescription sunglasses.
